Klaire Packs
Made with care.

Onward

Our packs hold something:

— **Practical**
What you shouldn't have to ask for.

— **Comforting**
Something kind and comforting.

— **With Craft & Mindfulness**
Something to do, and think differently.

— **About my sister, Klaire**

When we were kids, Klaire and I raced to grow the tallest sunflower. She died at 41.

I like to think she'd have ended up with a garden, the overgrown, every-variety kind. There are seeds in here for you to plant wherever you're going.
