Klaire Packs
Made with care.

Welcome

About Klaire Packs

These packs are made in memory of my sister Klaire, who struggled with addiction for a lot of her life and we sadly lost her at 41.

Every Klaire Pack is built using the same four principles. Something practical, something comforting, something crafty and something for the mind.

They hold the little comforts I wish I'd have sent her so she knew she was cared for, just as you are.
